Naperville, IL 60563

Dear Mike,

Thanks you so much for all your help in obtaining a mortgage for our beautiful new home. You went above and beyond our expectations. The planning and building of our home was very stressful with many problems along the way, but working with you was a smooth, stress-free process!

The first time we met with you, you explained the process and went through the various options available to us. You helped us refinance our existing home to allow us to save more money for the new house, as well as allow us to take a larger deduction on our taxes this year. You also kept us up-to-date on the current interest rates with the Daily Market Report and checked in frequently throughout the entire process—you were the one constant from start to finish—returning our phone calls and keeping in touch with us continuously. You were the one person throughout the whole process we could count on.

You checked in with us constantly regarding the status of our home making suggestions about our options and ready to answer any questions we had. When it finally came time to close you made sure we were satisfied with our choice, knew what our rate was, and helped us secure all the necessary documentation to finalize the loan. You called three days before closing to go over the final figures with us and even called during the closing to make sure everything was going according to plan.

It was a great pleasure to work with you and we would recommend you to anyone looking to secure a mortgage. You really cared about us and took our best interests to heart. Thanks again for such a smooth process.

Sincerely,

Dave and Karen Maseman
