Dear Mike,

Thank you so much for your assistance with our last home purchase. Jared and I have both been very pleased with your attention to detail and your clear, concise explanations of all our different options so we could choose what mortgage would work best for our current needs. The convenience of having you come to us to discuss the mortgage was also a plus.

In addition, I have to express our happiness with you and Majestic Mortgage for both your prompt answers to all of our questions as well as how all our mortgage paperwork was organized and the funding readily available for a quick and painless closing on our new home.

If we plan on refinancing in the future, we will definitely call you. Thanks again for all your help!

Sincerely,

Jennifer Brooks
