

I was actually referred to Mike and Majestic Mortgage through a co-worker. The co-worker was using Mike for his refinance and raved about the service Majestic had to offer. It was the best experience I've ever had with a mortgage company. Mike called me three days before closing and told me how much I would have to bring in, which blew me away because I have never had a mortgage company do that. Majestic made the process extremely easy and hassle free.
