Dear Mike,

We're just glad to have you arrange everything for us. The title lady said how impressed she was with all of you up there. She said that she has had many times where she was sitting at the closing table waiting for the funds to show up. She told us that they received them on Tuesday which was nice for them ( and us too). We were telling her how impressed we were too. Everything went through without any problems and in fact was really enjoyable. Once again, thanks for all your work on this and all the diligence on insuring that everything went perfectly. You forgot to send me your bosses name and address so we can send him a letter of praise for you. What was the name of the girl who verified and compiled all the paper work? Hopefully we can send some more business up your way. We'll definitely be keeping our ears open for anyone looking to finance a house. Have a great one and we'll talk to ya later. Tell Jenn we said hi. And as far as "doing your job" we can attest that there is a wrong way and a right way to do your line of work and you are definitely doing it the right way. See ya later.
